- Interesting point number 3

$$\mathbf{y} = \mathbf{X}\boldsymbol{\beta} + \boldsymbol{\varepsilon}$$

Here's some code and a plot

```
rmnorm(3)
```

```
[1] 0.2094387 1.2263306 0.4353507
```

```
curve(sin, -pi, pi, bty = "n", las = 1)
```
